St. Francis Hospice Dublin

est. 1989

Who we are?

The staff and volunteers of St. Francis Hospice provide specialist palliative care to people of North Dublin city, county, and surrounding counties. Our services are delivered from our hospices in Raheny and Blanchardstown. Based on a Christian philosophy, each person is treated with dignity, respect and compassion irrespective of their cultural or religious background or socio-economic status. Our services are at no charge to patients.

What we do?

We supported 1,944 patients and their families in 2021. This care was provided by the multidisciplinary team of Doctors, Nurses, Social Workers, Chaplains, Occupational Therapists, Physiotherapists, Complementary-Lymphoedema Therapists, Care Assistants, Household, Administration and Contract Staff. Specialist palliative care was provided to 1,596 people in their homes. Patients attended our Hospice Day Care Centres in Raheny and Blanchardstown and patients also attended our Out-Patient Clinics in Raheny (Walmer Villa) and Blanchardstown Hospice. In addition, 247 patients were admitted to our In-Patient unit in Raheny and 319 to Blanchardstown for symptom management and end of life care. We helped families both during the person's illness and afterwards, through support and counselling by the Medical Social Work Team.

Annual Revenue

It costs €17.64m to provide St. Francis Hospice's services in North Dublin, of which €14.78m was funded by the Health Service Executive.

What we want to do.

We need to raise €4.67m in 2022 to maintain our high quality palliative care services and to pay our outstanding bank loans. Our services need to be developed so that we can continue to meet the needs of the people of North Dublin city, county and surrounding counties.

As a Community it is so important that we care for each other.

Please help if you can.

Thank you for your support and generosity.
